#### Financial performance

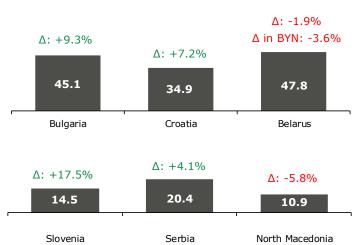

- Stable revenues excl. positive one-off effect\*\* in Q2 2019 as higher fixed-line service revenues outweighed lower equipment revenues
- 1.4% higher service revenues driven by strong growth in solutions and connectivity; mobile service revenues remained stable despite the negative impact of the EU international call regulation

- Restructuring charges in line with the communicated plan

<sup>\*\*</sup> Positive one-off effect of EUR 8.2 mn in Q2 2019 stemming from a real estate sale (incl. in OOI)
